

THE ARTS SOCIETY STOURBRIDGE

Light, Space and Time in Impressionism and Post-Impressionism

A Special Interest Day with **HILARY HOPE-GUISE**

Monday 4th November 2019

At Stourbridge Rugby Club, Bridgnorth Road, Stourton, DY7 6QZ

Born in South Africa but working and living in England, Hilary Hope-Guise is a fine art painter and print maker in her own right, but has extended her expertise to become a world renowned Art Historian as well as an accomplished and popular lecturer. Hilary's topics range from Gertrude Stein to "The Colour Red", and from "Botticelli's Secrets" via Picasso to "Wine and the Vine in Art". We have selected the impressionist period as it has not been focused on recently in our Society. Hilary is clearly a font of artistic knowledge and the study day will be fascinating.
